From the world to Hamamatsu, from Hamamatsu to the world.

Since its opening in 1994, ACT CITY Hamamatsu has been a symbol of the city of Hamamatsu aspiring to establish itself as the “City of Music.”

Adding a distinctive atmosphere to the urban space of Hamamatsu, ACT CITY has made the city known globally as a center for the exchange of culture and information through music and a center for the exchange of the country’s world-class industry and technology.
处处体现着人与环境和谐共生, 充满魅力的城市空间。

Attractive urban space with consideration for harmony between the environment and the people in every detail.

Located directly adjacent to Hamamatsu station, ACT CITY is a symbol of Hamamatsu.

The design concept of ACT CITY is "to be friendly to the environment and the people and to be in harmony with its surroundings."

Key elements of the concept include: transportation planning with consideration for the traffic of vehicles and people; measures against wind damage; and facility layout featuring the symbolic ACT Tower in the middle and outdoor gardens with rich greenery. Smooth and continuous movement of people between the facilities is ensured by the moving footway from the station, the Sunken Plaza and the Galeria Mall.
Well-designed layout provides convenient access to all facilities.
Main Hall (Multi-Function Hall)

The Main Hall is a multi-function hall featuring Japan's first quadruple stage with supporting facilities and a seating capacity of 2,336.

Japan's first quadruple stage with supporting facilities and computer-controlled equipment offer various options of stage direction and can cater to all types of performing arts, including full-scale opera, concert, ballet, drama, and kabuki.

The Main Hall is designed to provide a comfortable meeting environment to accommodate highly technical international conferences. Of the 2,336 seats in the hall, those on the first level are equipped with seat tables. The hall is one of the best convention facilities in Japan with the cozy seats offering top-quality comfort even in long meetings.

Equipped with a state-of-the-art visual system including a 500-inch screen, the Main Hall is capable of hosting simultaneous meetings enabled by simultaneous projection facilities connecting with the Concert Hall and Conference Room 4 of the Congress Center. The hall's simultaneous interpretation system can support up to six languages.
Concert Hall

Acoustic properties perfectly designed for classical music and a pipe organ — the Concert Hall combines an elegant atmosphere and high-level functionality for conventions.

Concert Hall

Congress Center

Designed with consideration for access to the Main Hall, the Congress Center can effectively handle large-scale conventions.

Conference Rooms can accommodate groups of different sizes, ranging from 16 to 560 persons. The rooms collectively have a seating capacity of 2,016. The Conference Rooms with refined wooden interior and the spacious lobby enhance the atmosphere of special occasions.

The Congress Center is designed with considerations for ease of movement between the facilities; the Conference Rooms on the 2nd, 3rd and 4th floors are directly connected with the layer of the Main Hall, allowing a large number of meeting participants to smoothly move from one venue to another.

The 3rd floor of the Congress Center directly connected to the hotel allows event organizers to use high-quality catering and banquet services.
Conference Room 31

Large Size Conference Rooms (31, 41)

Conference Room 41

Medium Size Conference Rooms (21, 22, 23, 43, 44, 52, 53, 54)

Conference Room 51

Small Size Conference Rooms (32, 45, 51)

Other free facilities

When using the entire Congress Center facilities, the Staff Room is provided free of charge. The lobby on the 1st floor is equipped with a reception counter and an exclusive coin-check room, providing perfect functionality for conventions.
Exhibition And Event Hall

The Exhibition and Event Hall offers excellent opportunities to create various functions, such as exhibition, reception and events.

With a total floor area of 3,900 square meters, the hall can accommodate up to 3,000 seats when used for functions like receptions.

The hall can also be divided into three sections depending on the size of function.

An underfloor duct system allows free layout of power, water supply/drainage and telephone lines. The hall has six anterooms that can be used as offices for event staff or as meeting space and can offer various functions supporting long-scale exhibitions.

Directly connected to JR Hamamatsu Station serving as the terminal for JR and other trains, busses and taxis, the exhibition and Event Hall with excellent access is an ideal venue for exhibitions.
The Seminar & Exchange Center has many rooms to cater to various activities, such as musical performances, practice, meetings and seminars.

The center houses 24 Music Seminar Rooms/Conference Rooms in various sizes to provide venues for activities like musical performances, lectures and seminars promoting the exchange of people and information. The Seminar and Exchange Rooms/Conference Rooms have capacities ranging from 24 to 252 seats and can be used for various purposes like small meetings and lectures. The Music Seminar Hall equipped with a concert piano and large-sized musical instruments can be used for a wide range of musical performances and concerts, such as jazz, brass band and chamber music, as well as piano concerts. The hall also accommodates lectures and seminars using a 200-inch screen. Thirteen Music Seminar Rooms are equipped with grand pianos, drum sets and amplifiers and can be used for group lessons, small concerts and musical seminars as well as personal practice.
Coordinated services with the Okura Act City Hotel Hamamatsu. An ideal layout of the three key elements of a successful convention.

ACT CITY 滨松设计如一个城市，拥有会客室、休闲厅、饭店等不可缺少的三大要素。会客楼背后是滨松国际会议中心，布局精巧、建筑间相连动。停车方便。

会议中心与滨松大仓酒店相连，

- 每间标准房都备有空调、暖气服务。
- 有停车场，有效解决停车问题。
- 可以方便地地到达其他场所。

There are three key elements of a successful convention: a convention site, exhibition space and hotel accommodation, and ACT CITY is designed to function as one city comprising all of these elements. The fast rails are connected with each other by walkways to provide enhanced functionality with easy movement from one facility to another. The Congress Center is directly connected with the Okura ACT City Hotel Hamamatsu, capable of providing high-quality catering and banquet services. The walkway on the first floor provides easy access from the meeting venue to the reception venue in the hotel, assisting the smooth running of events and programs.
